Past, Places, and Opinions

Bahasa Inggris · Fase C · Kelas 5, 6

Simple past, there is/are, comparatives, question words, reading about Banten, and facts versus opinions.

LEARNING GOALS

1. use the simple past with time words
2. use there is and there are
3. compare two things with -er and more
4. ask questions with what, where, when, and who
5. tell a fact from an opinion

PART 1

Talking about the past

Time words like **yesterday**, **last week**, and **ago** tell us to use the past form. Regular verbs add **-ed** (play → played). Some verbs are irregular (go → went, eat → ate, see → saw).

"Yesterday I go to school" is almost right. Look at "yesterday" and change the verb: "Yesterday I **went** to school."

PART 2

There is, there are

There is one tall tower. **There are** many visitors. Use is with one thing and are with many.

PART 3

Comparing

COMPARATIVE

short words: big → bigger, tall → taller
long words: beautiful → more beautiful

PART 4

Question words

What for things, **where** for places, **when** for time, **who** for people. "Where do you live?" "I live in Serang."

PART 5

Fact or opinion?

A **fact** can be checked: "The Great Mosque of Banten is in Banten Lama." An **opinion** is what someone thinks or feels: "It is the most beautiful mosque in the world." Words like best, most beautiful, and boring often signal opinions.
